Annex 15 to the harmonized Allocation Rules for Forward Capacity Allocation

Border specific annex for the border Bulgaria –Greece

DRAFT

Article 1
Subject-matter and scope

1. In accordance with Article 4 of the Allocation Rules, regional or border specificities may be introduced for one or more Bidding Zone borders. Rules described in this border specific annex apply to the border Bulgaria Greece.

2. This annex is effective at the date of entry into force of the Allocation Rules subject to an approval of relevant National Regulatory Authorities. This annex may be reviewed at least every two years based on request of the National Regulatory Authorities. In case this annex needs to be amended based on a decision of the relevant National Regulatory Authorities, Article 68 of the Allocation Rules shall apply.

3. If there is an inconsistency between any of the provisions in the main body of the Allocation Rules and this annex, the provisions in this annex shall prevail.

4. The capitalised terms used in this annex are defined in the harmonised Allocation Rules to which this annex is attached unless otherwise specified below.

Article 2

Triggering events of curtailment on Long Term Transmission Rights on Bulgaria-Greece

1. In deviation to Article 56 of the Allocation Rules triggering events of curtailment are described in this Article.
2. To ensure operation remains within Operational Security Limits, or in the event of a Force Majeure, the allocated Long Term Transmission Rights can be reduced until 10:30 h CET, which is 60 minutes before the Day Ahead Market Gate Closure Time in Greece. After this deadline, except in the case of Force Majeure and emergency Situations, in accordance with Article 72 of Commission Regulation (EU) No. 2015/1222 nominated Long Term Transmission Rights are firm with the concerned TSOs.
